

SANDUNI VANDANA

Undergraduate

PROFILE

Motivated second-year Information Technology undergraduate at Sri Lanka Institute of Information Technology with strong expertise in software development and mobile app design. Proficient in Kotlin, Android Studio, and the MERN stack, with practical experience in web and mobile applications, including individual and group projects. Possesses a comprehensive technical skill set in programming languages like C, C++, Python, Java, and JavaScript, as well as database management with MySQL and MongoDB. Demonstrates strong project management, teamwork, and leadership abilities, with a keen interest in applying technical skills to solve real-world challenges. Skilled in version control (Git, GitHub) and committed to continuous learning and professional growth.
